Donations are deductible  
from your taxes as allowed by law

Send donations to the address above. or  
you may send via PayPal  
partnersforcats@gmail.com

Tiny

Snickerdoodle

Maggie

We want to say Thank You to all the people who have given us such wonderful support. Those of you who have donated before our 501(c)(3) approval have allowed us to move forward with our missions while we wait.

Cats are being cared for. They are being vetted and finding new homes.

After research, we came to the realization that the best way to get more kitties into homes was to eliminate the adoption fee totally. So we did.

There is a growing trend in this direction throughout the U.S. The need to keep cats and kittens out of the Animal Controls of our area and move to a no-kill society means lowering the birth rate and finding more homes. We are trying to solve the problem by working from both ends.

We know this means a drop in revenue. We have faith that you love cats as much as we do and will increase your support in order to allow us to place more kitties in more homes.

Thank you so much

We are so Few, and so New and our goals are so Great...We really do need you. If we don't step in and do something, more cats will die. Part of the process to becoming a No-Kill Society is to get the public involved and to find homes for more cats, dogs, and all companion pets. *(We love them all.)*

Please join us *as we seek to save these innocent animals.*

We need:

- Board Members ..what can you bring to the table to help us save lives?
- Sponsors/Donors..Your donations are half the battle. If you truly believe, support our efforts to save them.
- Caregivers..If you are given the opportunity to save lives, stay the course. We are here to help.
- Volunteers, assist with fund raising, showing cats, helping caregivers, and more.

Burke County 2013

2718 cats killed at Animal Control Approx cost per animal: \$51.60

Catawba County 2013

2454 killed at Animal Control Approx cost per animal: \$78.46

The More you give  
The More will live

Our kitties are listed on "adoptapet.com" <http://www.AdoptaPet.com/shelter88277-cats.html>  
 At times you will also see them listed on Craig's list, and we utilize "Rescue me" also.  
 We do whatever it takes to locate people who need the companionship of a cat or kitten.  
 We carefully screen all applicants.

*As of this printing, we have found homes for 17 kitties since our inception in May 2014*

We want to Say a Special Thank You to the Tractor Supply Company Morganton Store for so graciously allowing us to show our kitties inside their store every other Saturday. We've been successful as you can see from the numbers above, and Heather, the store manager, celebrates with us when we put a new kitty into its own forever home.

Annabelle

*Be the change you want to see in the world....Gandhi*

Please Share this information and save some lives.

Burke County Residents who need help getting their cats or dogs spayed and neutered have friends in the Group Called

REASON...  
[www.reason-nc.org](http://www.reason-nc.org) or  
 call 403-3675.

**Black Cat reality, why there are so many?**

It's not because they are bad luck and don't get adopted.  
 It's because there are more Black Kittens and Black Puppies born than any of the other colors.  
 It's as "simple as that."  
 Our Black Kittens are all so sweet and loveable, every house should have at least one.

*Funds for Special Projects*

*It is our intention to maintain separate funds to fill specific needs. Providing aid to those who feed community cats is one and providing emergency medical care for all cats in need is another.*

*If when you donate you wish all or part of your money to go to one or more of these worthwhile causes, please make note on your check of the division of funds. We will keep accurate records for all special funds.*

-  *Feed the Community Cats Fund*
-  *Farlow Emergency Medical Fund*

*(Steve Farlow, our President and co-founder is critically ill: helping with emergency medical expenses is one of his special enterprises.)*

**We are looking for good people.**

If you have a love of animals, especially cats, and have time, talent and a desire to make a difference, we need you.

Join us to save lives. We need people to lead with good old fashioned common sense. Get involved and make a difference. Help us lead the public to a new era of saving lives instead of taking lives.

We need people who can make contacts in the community and can work with our caregivers and supporters and make the counties of Burke and Catawba leaders in the No Kill solution to pet overpopulation.

Feel free to call and discuss what we are looking for,  
 Jean
